

The CCPS All-Points Bulletin

Mission: To reduce crime, enhance public safety and assist victims throughout North Carolina.

July 2006

A Message from the Secretary

As we enter the busiest part of the hurricane season, there've been some staff changes at Emergency Management and the Civil Air Patrol that will improve our ability to protect the safety of North Carolina's citizens and visitors. EM Director Doug Hoell has his full leadership team now in place. Deputy Director Mike Sprayberry is handling the duties of Operations Chief, and new Assistant Director Steve Sloan is taking over the role of Logistics Chief. Both men have years of experience working with EM while they were in the National Guard and know the system well. Gary Faltinowski remains the Assistant Director for Information and Planning. Former Area Coordinator Mike Cook has been promoted to Manager of the Western Branch, joining Elaine Wathen in the Central Branch and Tom Collins in the Eastern Branch as the "boots on the ground" working with the Area Coordinators and county EM directors. I have full confidence that North Carolina's Emergency Management Division is the finest in the nation and will be ready to respond to whatever happens this season.

I'm also proud to announce that Pam Landreth-Strug is on board as the new Director of the Civil Air Patrol Division. She has big shoes to fill since she's replacing Aaron Harper, who decided to take another job that allowed him to work closer to home. Pam brings a wealth of experience from both her active participation as a CAP member and her years on active and reserve duty with the U.S. Air Force. In fact the CAP Middle East Region has nominated her for the Jack Sorenson Cadet Programs Officer of the Year Award because of her dedication to the CAP cadet programs. We are very fortunate that someone of Pam's caliber is joining the CCPS family and I hope you'll join me in making her feel welcome.

Finally, I hope all of you will take some well earned vacation time this summer and enjoy being with your family and friends. We all need some down time and a chance to re-energize. I hope you have a safe and happy summer.

Bryan E. Beatty
